

# TDI Advanced Nitrox & Decompression Procedures Diver Course

## Introduction

Thank you for enquiring about the [TDI Advanced Nitrox & Decompression Procedures Diver Course](#). The following information is designed to hopefully answer most questions you may have about how this course is run, the content, pre-requisites, equipment requirements and what you need to do to prepare yourself for the course.

## How do I book in

Contact us via email or phone. You will need to pay a **\$200** deposit with the balance due on the first day of the course. Once we have received deposit we can then send you out your manual so you can start studying. Making a confirmed booking on this course indicates your intention to complete **all** the prior home study, acquire **all** the necessary equipment that you will need to complete the course and understand that any additional training will be at your expense if necessary. If you have any questions, please contact us before you book so you can be sure you have everything you need to commence the course.

## Pre-requisites

- Minimum age 18
- Minimum Advanced Open Water Diver Certified
- TDI Nitrox Diver Certified or equivalent
- Provide proof of a minimum of 25 logged dives

## Location Options

**Rosebud** - You come to us. Course fees include 6 dives. *(See below for accommodation)*

**Mt Gambier** - We head to cave country. Must be a member of CDAA. *(See below for accommodation)*

**Interstate** - We come to you. Boat dives not included in fees. Must provide accommodation, boat dives & airport transfers for instructor.

## Medical Statement

Please read carefully the medical statement attached with this email. If you answer **YES** to any of the questions on the statement you **MUST** provide the instructor with a Diving Medical which is within 12 months of the commencement of the course prior to beginning the course.

## Course Content

- Duration of course is **4** full days
- A theory session
- Completion of the TDI Advanced Nitrox & Decompression Procedures Course written exam
- **6** Open Water Dives

## Schedule

Day #1 - Introduction, Theory, Equipment assembly & critique, Plan dives

Day #2 - Dive 1, Dive 2

Day #3 - Dive 3, Dive 4

Day #4 - Dive 5, Dive 6

*(Please note: Schedule is only approximate. Depending on time or location the schedule may change)*

## Training Materials

You will receive as part of your fees the [TDI Advanced Nitrox Online Access Code](#) and the [TDI Decompression Procedures Online Access Code](#). You are expected to complete the online theory for the Advanced Nitrox & Decompression Procedures portion of the course before the first day of the course. We advise that you book into the course at least 2 weeks prior to the commencement day to allow you sufficient time to complete the home study.

## Equipment

You will require the following equipment to complete the course. Although we can hire you some equipment, we [strongly recommend](#) you own **all** of the equipment on this list:

- Bottom mix cylinders - Back mount (Manifolded or Independent) or Sidemount
- Decompression mix cylinder - 1 cylinders, minimum of 40cf each with full rigging and stage regs
- Regulators for back/sidemount cylinders. One reg set must be equipped with a 2m long hose
